51ST ANNUAL STUDENT ART SHOW

SELECTION PROCESS

At the close of each year the Art Faculty reviews work done in every MCC studio course. Literally thousands of works are presented to the faculty jury and from those pieces the works shown in the Annual Exhibition are selected. Except to present the work, faculty members do not participate in jurying their own classes' output. The exhibition is not intended to showcase the curriculum as such, but rather attempts to display the most outstanding work from the year based entirely on artistic merit. Consequently, not all assignments given in each course are represented in the show. In an effort to display the artwork of as many students as possible severe limitations are placed on the number of works any individual is allowed to exhibit from a particular course or instructional area.

STUDENT SHOW ANNOUNCEMENT

Graphic Design students from ART 146 - Typography & Type Design submit design proposals for the student show announcement. The Art Faculty review these proposals and the selected design serves as our student show announcement. This year's announcement and program was designed by **Lee Helms**. This student is the recipient of the Student Show Announcement and Program Award.

ART ACHIEVEMENT AWARDS

The Art Achievement Award winners are identified by the faculty on the basis of outstanding artistic merit and achievement in several studio and graphic design areas. Students receiving this award have a notation of the honor placed in their permanent record at the college.
