

Assignment Contracts Decision Workbook

Objectives:

Use this workbook to review, discuss and determine coding decisions for Assignment Contracts. Separate tabs are provided for each of the decision areas. Remember to include a cross-functional team of individuals in these discussions as codes are integrated among modules. To aid in your decision making, screens in the Colleague Education Account are populated with sample data. Your consultant will provide "best practices" and additional guidance.

Checklist to Accomplish

Item Name	Entered into TEST Account	Entered into LIVE Account
ASGMT Validation Code Tables	<input type="checkbox"/>	<input type="checkbox"/>
ACO Code File - Load Period	<input type="checkbox"/>	<input type="checkbox"/>
ACO Code File - Load Limits	<input type="checkbox"/>	<input type="checkbox"/>
ACO Code File - Contract Types	<input type="checkbox"/>	<input type="checkbox"/>
ACO - Code File - Contract Parameters	<input type="checkbox"/>	<input type="checkbox"/>
Sample Group	<input type="checkbox"/>	<input type="checkbox"/>
Issues Log	<input type="checkbox"/>	<input type="checkbox"/>
Action Items	<input type="checkbox"/>	<input type="checkbox"/>
Miscellaneous	<input type="checkbox"/>	<input type="checkbox"/>
