

Mott Community College Transfer Guide

Individuals with an interest in computers, health care and business will find that health information management is a challenging and fulfilling career option. Health Information Managers may be employed in hospitals, but job growth is projected to be the greatest in physician's offices and clinics, nursing homes and home health agencies. The Health Information Management degree is accredited by the Commission on Accreditation of Allied Health Education Programs in collaboration with the American Health Information Management Association. At the end of the program, students will be eligible to apply to write the national certification examination to earn the designation of Registered Health Information Administrator (RHIA).

General Admission Criteria

To be admitted to this Bachelor degree, students must have 48 semester credit hours from an accredited college or university with a minimum 2.5 GPA (on a 4.0 scale). Official transcripts from all accredited colleges/universities must be submitted with the Ferris application. Financial aid from Ferris is available for students who have 48 semester credit hours.

Delivery Locations

This degree and the Ferris courses are offered to students at the following locations:

- Fully online– Must have an Associate's Degree in Health Information Technology and current RHIT credentials to be eligible for admission to this program.
- Ferris State University, Big Rapids Campus, Big Rapids MI
- Ferris State University, Grand Rapids Campus, Grand Rapids, MI

Online Orientation

Orientation is required for students who elect to complete a ***fully online degree***. In addition, any student who registers for a fully online ***course*** must first demonstrate competency in FerrisConnect skills. This may be done by taking a tutorial and quiz or by submitting a waiver request (for those who have already taken and passed online courses). First check with the department that offers the class to determine their particular needs regarding registration for online course work and/or your Ferris advisor.

Advising Notes

It is recommended that potential applicant meet with an advisor to review the program and course schedule and have any questions answered prior to completing an application. **Students who are completing the MACRAO Stamp may have different general education courses requirements. Meeting with a Ferris advisor prior to the selection of any electives or general education classes shown above could reduce the chance of completing a course that will not transfer.** Once admitted, students continue to meet with an advisor as they work towards graduation.

Disclaimer

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student.
