Topic Of The Week: GUEST SPEAKER

ALLEN BILES

We had a special guest speaker in GSA Allen Biles who discussed with us his life struggles and his views on being homosexual and Christian. He also recommended these readings:

- The Children Are Free- “Re-examining the Biblical Evidence on Same-Sex Committed Relationships” by Rev. Jeff Miner & John Tyler Connelley
- Open Your Mind To Receive- Catherine Ponder
- Think & Grow Rich- Napoleon Hill
- Rich Dad Poor Dad For Teens- Robert Kyosaki
- The Cash Flow Quadrant- Robert Kyosaki

One of the highlights was a passage from The Children Are Free which offered biblical evidence that not only does Jesus not hate anyone for being a homosexual but actually healed a man’s lover. Of course, you will have to purchase the book if you wish to dig deeper into this very odd Christian outlook of “love thy neighbor”

.... Where have I heard that one before?
