NANCY BEALS
GREAT JOB NANCY!

Nancy, Custodian and Senior Group Leader, has been selected as the Outstanding Employee of the Month (OEOM) for April 2008

Comments about Nancy include:

- ◆ She is a self-motivated individual who seeks out ways to further improve the work that she does on a daily basis.
- ◆ If she sees a task that needs to be done, rather than pass it off to another custodian (being a senior group leader, that would be very tempting to do), she does it herself.
- ◆ She encourages others to do their very best and to take pride in their work and assists in helping others improve the quality of their services, which has made a positive impact among the entire group.
