

**CONGRATULATIONS** go out to...

**SHARON EWLES**

**GREAT JOB Sharon!**

Sharon, Staffing Manager, has been selected as the Outstanding Employee of the Month (OEOM) for May 2008

Comments about Sharon include:

- ◆ In a job that has no end, Sharon is always upbeat and positive - the essence of the "can do" attribute. She is constantly searching for and researching new sites to help the organization find applicants, especially diversity applicants. Her inventory of sources has impressed her colleagues in other colleges and universities (who have "stolen" her ideas; actually, she gracefully shared them with others).
- ◆ Her professionalism and expertise has earned her a spot in the leadership of the new Higher Education Recruiting Consortium.
- ◆ Sharon has made a number of changes to the hiring process while simultaneously looking out for the College's interests. She has prepared bids for temporary hiring agencies that provided many special perks and bonus to the College at little or not cost (like free testing of clerical applicants). Most recently, she was the architect of Mott's on-line application process.

Nominations for June are still being accepted until Friday, June 20, 2008.
