

Congratulations go out to...

MARY PROCOPIO

Mary Procopio, Assistant Professor-Music, Fine Arts
has been selected as the
Outstanding Employee of the Month for May 2009

Comments about Mary include:

- ◆ Mary Procopio goes above and beyond to help her classes learn. She has an upbeat attitude and you can see she loves teaching about music around the world.
- ◆ She gives many different styles of teaching for all the students' learning styles. She makes it fun and wants you to ask questions while you are learning so much new information.
- ◆ She brings in paintings, musical instruments and pictures from around the world. We got to experience not just the textbook music, but music from her own collection that she was so kind to share. We had an international food day. It was a blast to learn about the foods of other countries that we read about. We went on a field trip to the Charles H. Wright African American museum in Detroit and it was simply amazing. Without this great teacher, I never would have gone outside of class to experience this wonderful display of art.
- ◆ She should receive the award for outstanding employee because she is an outstanding professor. Thank you for having her available to teach!

CONGRATULATIONS, MARY!
