Board Approves More Flexibility for the Optional Retirement Plan

The Board of Trustees met on November 27, 2000 and approved a change that provides employees in the Optional Retirement Plan increased flexibility if they leave employment with the College.

The original plan adopted by the Board did not allow employees to access their funds until they reached age 55. The revised plan will permit participants who have terminated employment to receive their ORP money, regardless of age.

Employees will now have the option to roll their ORP money over to another retirement plan or to make a cash withdrawal.

To obtain cash withdrawal forms and/or rollover forms, you may contact TIAA-CREF at 1-800-842-2044. For additional information regarding the ORP, call Ken Arthur at x20275 or Susan Praski at x20503.

Now that the holidays are over and the new year is beginning, it’s a good time to reward ourselves by taking time out. The following is an excerpt from the book *Don’t Sweat the Small Stuff*, by Dr. Richard Carlson. His technique provides a different approach to the art of relaxation. Perhaps this method will be useful as you deal with the happenings of everyday life.

What does it mean to relax? Despite hearing this term thousands of times during the course of our lives, very few people have deeply considered what it’s really about.

When you ask people what it means to relax, most will answer in a way that suggests that relaxing is something you plan to do later – you do it on vacation, in a hammock, when you retire, or when you get everything done. This implies, of course, that most other times (the other 95 percent of your life) should be spent nervous, agitated, rushed, and frenzied. Very few actually come out and say so, but this is the obvious implication. Could this explain why so many of us operate as if life were one great big emergency? Most of us postpone relaxation until our “in basket” is empty. Of course it never is.

It’s useful to think of relaxation as a quality of heart that you can access on a regular basis rather than something reserved for some later time. You can relax now. It’s helpful to remember that relaxed people can still be super achievers and, in fact, that relaxation and creativity go hand in hand.

Being more relaxed involves training yourself to respond differently to the dramas of life – turning your melodrama into a mellow-drama. It comes, in part, from reminding yourself over and over again that you have a choice in how you respond to life. You can learn to relate to your thinking as well as your circumstances in new ways. With practice, making these choices will translate into a more relaxed self.

To ensure that you receive all mailings sent out by the College and to maintain the accuracy of the database, please notify Human Resources when you change your name, address, or telephone number. These changes should be submitted in writing and/or by e-mail to Sylvia Green or Cindy Sanders in Human Resources.

When you notify Human Resources of your address change, we will also provide you with the necessary forms to change your address with your insurance companies.
Sick Bonus:

Payments to Secretarial/Clerical and M&O members eligible for a sick bonus for the period of time between July 1 and December 31, 2000 will be made on January 26, 2001. If you think you are eligible, you may want to review your sick leave bank prior to January 12, 2001 to ensure that it is correct. The person in your department responsible for payroll reporting can provide you with your leave balance information and make corrections (with your supervisor’s approval) if necessary.

PROCEDURAL INFORMATION

From time to time, it is important to remind supervisors and managers (especially new supervisors) of various administrative procedures that, if not followed, can create problems for all of us. We’ve listed a few below:

Starting salaries are negotiated exclusively by Human Resources, specifically Sharon Ewles. This process is centralized in an effort to ensure consistency in the administration of this function. Please do not discuss salary with candidates; rather, refer them to Sharon at x20449.

Advertisements & Job Postings – Human Resources is the only organizational unit authorized to create and post announcements of position openings. If you receive an unsolicited resume, please forward it to the Human Resources Office so it can be logged into our database, which will allow us correspond with applicants.

Discussions/Agreements with Union Reps – The Executive Dean of Human Resources is the only management representative other than the President authorized to execute letters of agreement. If you are working with a union on a problem that requires some sort of written agreement to resolve, please contact Mark Kennedy at x20596.

Grievances – Contact Mark Kennedy at x20596 and provide him with a copy of the grievance as soon as you receive it so he can assist you during this process.

Drug Testing – All new Mott College employees (full-time or part-time) must be drug tested. A hair sample is used for the analysis.

If you have a question about these or any procedure, or would like to see information on a specific topic in future newsletters, please contact anyone in the Human Resources Office.
