January 2008 General Education Subcommittee Report	Report	<p>In preparation for the February 1, 2008 meeting, committee members have been asked to prepare brief individual proposals outlining the general education requirements for each associates degree. This will help us come to a tangible agreement about how to put our individual/department goals, objectives, principles, beliefs, and values regarding what general education should accomplish into practical terms; courses and credits. We could have talked about it forever. Fortunately, we all got tired of talking at about the same time.</p> <p>We expect to merge pieces of the proposals together and arrive at a working document. This document will then be shared with faculty members at large, modified further, and, hopefully, be ready for submission to CPSC for action before the end of the winter semester. Wish us luck!</p>
January 2008 Ad Hoc Academic Dishonesty Subcommittee Report	Report	Jack McLellan has stepped down as chairperson. A new committee chairperson will be appointed at the next meeting.
