PEAC-180 Volleyball

Approved as Amended
Fall 2012

PEAC-180 has been designed to allow students the opportunity to actively participate in student centered learning activities focusing on fundamental skill development, offensive and defensive strategies and basic rules and regulations governing game play. Students will participate in various activities including skill development experiences, peer assessments, and traditional game experiences throughout the course.

The Subcommittee recommends that the course description on the form be changed to match the course description on the syllabus.
