

# Summary of CPSC Actions

September 23, 2011

## Associate Degree Revision

### **Histologic Technician**

The Histologic Technician revisions and addition were proposed by Peggy Wenk, Beaumont Hospitals program director for Schools of Histotechnology. Ms. Wenk has suggested the additions of Medical Terminology to the curriculum. She suggests that students take ENGL-103 & 104 instead of ENGL-101 & 102. She also suggested students take any Social Science class instead of PSYC-281 and students be required to select one class from the following two choices, AHLT-113 and HREL-151.

CPSC decision: The form is correct in regards to ENGL-103 and ENGL-104 as requirements in Composition and Humanities. Students do not need to take a higher math course if they test into MATH-130.

### **Action/Effective Date**

Approved as Amended  
Winter 2012

## **New Course**

### **PEAC-145 Social Dance**

Students will actively participate in various contemporary social dances. Students will develop fundamental knowledge and skills to the intermediate level through participation in a variety of developmentally appropriate teaching progressions relating to contemporary social dance.

### **Action/Effective Date**

Forwarded to Curriculum Subcommittee  
Winter 2012

### **PEAC-148 Pilates: Intermediate**

This course builds upon the principles and exercises learned in PEAC-147. Pilates is an anatomically-based approach to exercise pioneered in the 1920's by Joseph Pilates and currently used by fitness and health professionals. You will learn complex movements that involve more choreography as well as adding physically challenging modifications to those learned in beginning Pilates. You will further strengthen and tone muscles, improve posture, flexibility and balance. The course will help you create a personal fitness program.
