

Special Edition: Coronavirus Communication 49

May 22, 2020

Good Friday Afternoon!

I know some of you are ready for the holiday weekend. I hope that you will have a safe and healthy weekend that is full of positivity.

Tomorrow is Commencement! I am so excited for our graduates and I hope you will be cheering them on while watching the ceremony at 2 p.m. <https://video.ibm.com/channel/mott-college-tv>

Let's have a group effort and send a shout out or high five to a graduate that you know on Saturday.

I believe you will be introduced to MottBearConnect.com today. Consider joining this new networking platform sponsored by the Mott Community College Alumni Association. The Association is encouraging all employees to join the platform and send congratulations and encouragement to our 2020 graduates. Those signing up by tomorrow at 2 p.m. will be entered to win one of three gift cards (\$10, \$25, \$50).

The graduates will be encouraged to join the Alumni Association once the commencement ceremony concludes. Let's have messages waiting to welcome our new alumni into the Alumni Association as they join. Instructions will come today in another email.

This morning the MCC Reopening Task Group met and agreed upon the important elements that we must think about as the reopening plan is created. The groups divided into five subcommittees: Student Success, Employee Success, Teaching and Learning Success, Workforce Partnerships Success, and Community Sustainability Success, and began to work through the survey questions that will guide the process for developing a phased reopening plan approach. Next Friday, the Task Group will meet to review and discuss each subcommittee's presentation based on the important elements, survey question answers, and any other information and data gathered.

Below is a video link from yesterday's All-Employee College Forum for your review.
