As an affirmative action/equal opportunity institution, the College encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. The college does not discriminate in educational or employment opportunities or practices on the basis of race, color, religion, gender, national origin, veteran's status, age, disability unrelated to an individual's ability to perform adequately, height, weight, marital status, political belief, sexual orientation, or any other characteristic protected by law. Inquiries by students regarding compliance with Title IX should be directed to: Dean - Enrollment, Retention, and Registrar - Records & Registration, 1401 E. Court St., Prahl Collage Center - PCCLL, Flint, MI 48503, (810) 762-0370. Inquiries by students regarding compliance with Section 504 compliance should be directed to: Director - Admissions & Student Success Services, 1401 E. Court St., Prahl College Center - PCC1130, Flint, MI 48503, (810) 232-8225.

For important information about the educational debt, earnings, and completion rates of students who attended these programs, please see the following link: http://www.mcc.edu/gainful_employ_disclosure/index.php

For information about the accreditation status of Mott Community College, please visit aqip.mcc.edu.
APPRENTICESHIP PROGRAMS
These employer sponsored programs prepare students to become certified Skilled Tradespersons. Students are paid while they learn and are set up to become journeymen upon graduation.

FABLAB
This digital fabrication laboratory gives students and the public the ability to turn product ideas into reality with sophisticated prototyping equipment.
INDUSTRY EQUIPMENT
Our technology students work on industry equipment including, welding and machining, CADD and CAM software, and electrical and robotics technology, to gain hands-on experience.

AUTOMOTIVE REPAIR CENTER
Run by our Automotive Repair students, the center provides low cost auto repair to MCC students and the community. This gives our students the opportunity to get on-the-job work skills and experience working directly with customers.

HIGHLIGHTS

The Technology Division courses and programs are designed for students seeking marketable, high tech skills to enter the workforce or advance their career. The curriculum provides skills in critical thinking and problem solving, along with other skills, required to the highly technical workplace of today.

## TECHNOLOGY DIVISION PROGRAMS

- Associate in Applied Science
- Air Conditioning, Heating & Refrigeration Technology
- Applied Technology
- Automotive Technology
- Computer Aided Drafting & Design
- Computer Information Systems
- Computer Occupations Technology
- Electronics & Electric Technology
- Electronics & Electric Technology – Robotics
- Industrial Technology
- Mechanical Operations Technology
- Welding Technology

## ALTERNATIVE TRAINING

- Apprentice Preparation

## CERTIFICATES

- Computer Programming
- Computer Repair Technician
- Computer Science
- Computer Security
- Computer Support Services & Help Desk
- Digital Technology Media Design
- Electrical Technology for Apprentice Electricians
- Electronics & Electrical Technology
- Machine Tools Technology
- Mechatronics
- Operations & Production Technology
- Robotic Programming & Control
- Sustainable Construction
- Transportation, Distribution, & Logistics Technology
- Transportation: Commercial Driver License
- Web Developer
- Web Developer for Graphic Designer – Post Degree
- Welding
