ACCOUNTING

Greetings,

A new program for people who consumed water from the Flint water system since April 2014 is now available. You may qualify for this State of Michigan health care program.

Who is Eligible?

Any of the following people who consumed water at an address served by the Flint water system where they lived, worked or received childcare or education since April 2014 may be eligible:

- Pregnant women, or
- Children up to age 21, or
- A child born to a woman who was served by the Flint water system during the specified time period.

Household income must be 400% or less of the federal poverty level (about \$48,000 for one person, \$63,000 for a family of two, \$80,000 for a family of three, and \$97,000 for a family of four).

How Do I Apply?

The fastest way to apply is online at www.michigan.gov/mibridges.

You can also apply by calling the Michigan Health Care Helpline at 1-855-789-5610 (TTY 1-866-501-5656 for persons with hearing and speech disabilities). The office hours are Monday through Friday 8 AM to 7 PM.

Infants, children under age 5, and pregnant or postpartum women who are eligible for Medicaid, Healthy Michigan Plan or MIChild may also be eligible for the Special Supplemental Nutrition Program for Women, Infants and Children (WIC). Call 1-800-26-BIRTH or go to your local WIC office to apply for WIC.

What Coverage is Provided?

People who are eligible can get targeted case management services in addition to Medicaid, Healthy Michigan Plan, or MIChild services such as doctor office visits, dental and vision care, and behavioral health services and supports. Targeted case management can help connect you with medical, educational, social and/or other services you may need. A case manager will meet with you face-to-face to create a plan of care. They can help you get needed services, including blood lead testing.

People who currently have Medicaid, Healthy Michigan Plan, or MIChild may get a letter about targeted case management services. If you know someone who did not get a letter and may be eligible for targeted case management, please tell them to call the Beneficiary Help Line at 1-800-642-3195 (TTY 1-866-501-5656 for persons with hearing and speech disabilities).

IMPORTANT NOTICE IF YOU CURRENTLY HAVE HEALTH CARE COVERAGE THROUGH THE FEDERAL MARKETPLACE

If you enroll in Medicaid, Healthy Michigan Plan, or MIChild and you do not end your Marketplace coverage, you may have to pay back Advance Payments of the Premium Tax Credit (APTC).

There are two ways to end Marketplace coverage with advance payment of the premium tax credit if you become eligible for Medicaid, Healthy Michigan Plan or MIChild:

- Online: Follow the "Cancelling a Marketplace plan when you get Medicaid or Chip" instructions on Healthcare.gov at <https://www.healthcare.gov/Medicaid-chip/cancelling-marketplace-plan>
- Over the phone: Contact the Marketplace Call Center at 1-800-318-2596 (TTY: 1-855-889-4325) and tell the call center representative that you want to end a Marketplace plan for someone who is enrolled in Medicaid

Sincerely,

Chris Priest, Director
Medical Services Administration
