Recruitment , Retention and Completion

The Department of Public Safety has been working hard the last few months telling others about the benefits of MCC, helping students to do well, completing their goals here at MCC. Our many thanks to Dr. Beverly Walker-Griffea for the support needed to achieve these goals. We have been meeting up with folks throughout the months inviting them to coffee to promote conversations about topics important to you, bringing awareness to distracted driving, offering important vaccinations for your health, giving you tools to support your safety, reaching out to the younger generation, and building relationships through friendly competitions.

We are always ready to assist you in reaching your goals.

We appreciate YOU!!
